Protect
yourself
from

Financial Fraud

Fraud is happening more frequently and at Crow Wing Power Credit Union, we want to keep you safe. Here are some tips you should always keep in mind when it comes to your financial security.

1. Keep your one-time passcodes private

Scammers may try to target you through phishing, one-time passcode theft or impostor scams. Do not share your private information with anyone.

2. A scammers playbook

Scammers use various strategies to get your information including:

- using a similar phone number to appear as someone you trust
- getting you to provide private information by manipulating trust
- scaring you into action by using fear to create a sense of urgency

3. Our promise to you

CWPCU will NEVER call, text, email or message you to request confidential information such as passcodes, passwords or account numbers

HAPPY NEW YEAR!
